THANKS TO...

Thanks as ever to Colin Walton at WaltonCreative www.waltoncreative.com for his assistance and amazing photography on this new catalogue. Similar thanks to Penelope Kent and Gillian Rowe, our indexer and editor whose contributions are usually underestimated but always appreciated.

Our biggest thanks though are reserved for Kate Barrett, a valuable member of the Turners' team for a long time, who has worked tirelessly to ensure that what you read is accurate but, at the same time, imaginative and inspirational.

We have again made many new friends among producers and suppliers and we are proud to be able to support them to the same extent as they support us.
