## News...

**FRUIT:** Not much around this time of the year, Spanish Oranges are always a safe bet, Reinette Apples very tasty and crisp. Red William Pears are still the pick of the Bunch.

**TOMATOES:** Tomato prices have gone sky high, just waiting for the new crop to start. Italian Cherry tomatoes are a great choice though, very sweet.

**VEG:** Snow and Ice do not help with the growing and picking of vegetables. Prices have risen steeply.

**MICRO CRESSES:** These little delights are hidden gems, They look and taste great, and with their colours they lift any dish.

**MUSHROOMS:** Button Mushrooms and frozen ceps are the only products holding their price this week, the weather has caused havoc. Please phone for full details

**MEAT:** Wild fowling has stopped at the moment due to the Frozen lakes, pheasants are still fine, but please do phone to make sure. Veal rumps are fantastic and make a welcome change to Roast Beef

**VENISON!** We use a farm in the heart of the Kent downs. All animals are sportingly shot, no blood trauma or muscle stress - fantastic quality, taste and texture! All Japanese Sika deer! Please phone for more details.

## Remember...

### Ordering

*We require your order by 12pm on Wednesday for a Friday delivery, with the exception of; baby vegetables, edible flowers & micro greens, which we need by 1pm on Tuesday.*

### Availability & Prices

*All orders & prices are subject to market availability / pricing.*

## The Gourmet Potato Company:

Lovingly grown in the heart of Kent. The Estate has grown potatoes for at least 100 years, so there is a long tradition of potato-growing! The Potato Shop is one of the businesses that operate on the Morghew Park Estate, a substantial agricultural operation located in beautiful Kentish countryside. They come pre-washed and ready to go with a range to cover every aspect of cooking!

### **ESTIMA (25KG)**

A general purpose potato, smooth skin giving a picture-book appearance. Estima has a more delicate flavour than Wilja, and the larger size makes it excellent for roasting and baking.

### **HIGHLAND BURGUNDY RED (10KG)**

A fairly conventional looking red skin, but the flesh inside is as red as a beetroot! The potatoes are floury, and make dramatic looking chips, potato wedges and great mash.

### **MARIS PEER (25KG)**

The Maris Peer is almost indistinguishable from the better-known Maris Piper. Boil or mash, and like Piper, outstanding for chipping and potato wedges. They also roast better than any other variety we know of.

### **NICOLA (10 KG)**

Oval shaped waxy flesh and a superb sweet, nutty taste. Excellent as a salad and boiling potato. They also make superb Franco-German potato dishes including gratin Dauphinois, Kartoffelsalat and Bratkartoffeln.

### **PINK FIR APPLE (25KG)**

This is a spectacular potato - unique nutty flavour, white flesh and a slightly waxy texture. You can't peel these potatoes, but they can be boiled, steamed, fried, baked and sauteed.

### **SALAD BLUE (10KG)**

This variety has a deep blue skin and flesh. It has a floury texture and makes the most striking blue potato wedges and chips! The blue pigment has antioxidant qualities rather like blueberries.

### **SHETLAND BLACK (10KG)**

Shetland Black has a very dark blue skin which appears almost black, with a pale yellow and flesh. It has a dry, floury flesh and an attractive buttery taste.

## This weeks top ten...

- |                          |                      |
